

**2009-2012 TRANSPORTATION IMPROVEMENT PROGRAM
FOR SOUTHWESTERN PENNSYLVANIA**

APPENDIX 5

TE/HS/SRTS PROJECT LIST

Appendix 5. TE/HS/SRTS Project List

Rather than listing projects from the Transportation Enhancement Program (TE), the Hometown Streets Program (HS) and the Safe Routes to School Program (SRTS) individually in the 2009-2012 TIP, the TIP includes line items that will be drawn down on a first-come, first-served basis as project sponsors are ready to proceed, as long as the funds are available in the line item. The projects that have been determined to be eligible to use the line item funds are identified in the following project lists. The eligible federal funding amount is identified for each project.

2009-2012 Transportation Improvement Program – TE/HS/SRTS Appendix

These projects have previously been approved for federal funding through the Transportation Enhancements and/or Hometown Streets / Safe Routes to School Programs. The following list indicates the amount of federal funding that these projects are eligible to draw down from the Transportation Enhancements line item, as long as funds are available in this line item. The line item will be drawn down on a first-come, first-served basis as projects are ready to move forward.
