

**SOUTHWESTERN PENNSYLVANIA COMMISSION  
DISTRICT 12- 0 PROGRAM**

**DISCUSSION:**

- District 12 has requested a number of cost and program adjustments to the FFY 2011 Program. PennDOT and SPC have developed a Fiscal Constraint Chart (see attached), which lists the projects and program modifications needed to fund these adjustments.
- Fiscal modifications are being made to the FFY 2011 – 2014 SPC TIP to keep the year to year funding in balance.
- The following project summaries identify those projects having a significant cost increase or additions to the program. Other program modifications include minor cost increases and phase additions as listed on the fiscal constraint chart.
- Funding for the cost increases will be provided from the deferrals and deletions of several projects from the FFY 2011 – 2014 SPC TIP. Other adjustments are made within the first four years to maintain TIP fiscal constraint.
