

### III. Organization of Report

This report includes a **Summary of Public Comments and the Response to Public Comments**, presented as a table for each county that identifies all the comments received by SPC responding to the Draft 2005-2008 TIP, 2030 Plan Draft Addendum and Draft Air Quality Conformity Determination. SPC staff has responded to each comment and shared both the comments and responses with the County Commissioners and other SPC Board members, PENNDOT Districts and County/City/planning departments and the region's transit authorities.

- **Part 1** of this report includes the Summary of Public Comments and the Response to Public Comments.
- **Part 2** includes meeting summaries from the May and June 2004 PPP public comment meetings.
- **Part 3** includes the meeting summaries of the public testimony received during the initial PPP meetings during July and August 2003.
- **Part 4** includes copies of the written and electronic comments that were received during the May-June 2004 public comment period.
- **Part 5** includes documentation of the public outreach activities. It identifies the meeting schedule, lists the newspaper advertisements of the meetings, and provides samples of relevant outreach materials including the list of public libraries in the Public Document Review Network.

Because the SPC TIP is part of the Statewide TIP and the first four years of the State Twelve Year Program, the public comments for the Draft 2005-2008 TIP apply to these state documents as well.
