

Allegheny County
 Status Report on Title I Transportation Projects
 State / Federal Funding

The projects on the attached list are at different stages of consideration for budgeting on the Transportation Improvement Program (TIP). Some were recently completed or are well on their way (Status 1 or 2). Others have been partially but not yet fully budgeted (Status 3 or 4).

Typically, a project must be funded first for engineering, then perhaps for right-of-way acquisition or utilities relocation, and finally for construction. Projects that have been partially budgeted may have progressed only through the initial stage of engineering and environmental studies, without being budgeted yet for implementation.

There are more needs than can be met with currently available revenues. As a result, new revenues must be sought and the region must decide how to make the most of what is available. In order to complete projects that already have a partial investment or are urgently needed, other projects must sometimes wait in line.

This table provides a status report to clarify where specific projects stand as of June 2, 2010.

Project status

1. Budgeted to completion on the TIP in 2007, 2008, 2009 or 2010
2. Fully budgeted on the 2011-2014 TIP to the best of our knowledge
3. Partially budgeted on the 2011-2014 TIP due to budget shortfall or project schedule
4. Initiated on a previous TIP, but not advanced on the 2011-2014 TIP, maybe advanced on the next TIP Update

County	SR	MPMS	Project Name	Project Description	Status	Est Cost Remaining	Est Total Cost	Est Eng Cost	Est ROW Cost	Est Const Cost
Allegheny		62754	Small Bridge and Pipe Replacement 2008	Small Bridge & Pipe Replacement 2008.	1		\$2,564,717	\$26,000		\$2,538,717
Allegheny		75100	PAAC Mid Life LRV	Program to Overhaul 55 Light Rail Vehicles (LRV). Major elements of this work include car body repair, propulsion system, operator's cab, electrical system, truck assemblies, friction brakes, and train control system.	1		\$4,083,658			\$4,083,658
Allegheny		75451	Bridge Maint Priority 0 and 1	Add on demand bridge maintenance contract. Project will remove SD and functionally obsolete status on small bridge structures.	1		\$3,515,000	\$515,000		\$3,000,000

County	SR	MPMS	Project Name	Project Description	Status	Est Cost Remaining	Est Total Cost	Est Eng Cost	Est ROW Cost	Est Const Cost
Allegheny		77520	Bridge Repair 2006-1	Bridge maintenance includes superstructure replacement, limited substructure work, culvert paving, and emergency repairs.	1		\$350,000			\$350,000
Allegheny		81005	Bridge Washing 2008	Bridge washing and various minor repairs.	1		\$1,200,000			\$1,200,000
Allegheny		83134	Durable Pavement Markings	Raised Pavement Marker Program	1		\$100,000			\$100,000
Allegheny		83190	McAnnully RR Crossing	Installing active warning device and new concrete surface.	1		\$192,000			\$192,000
Allegheny		86410	District 11/SPC Traffic Signal	Retiming/signal equipment upgrade, communication and LED upgrades, emergency pre-emption system, new GPS, replace controller.	1		\$2,366,730	\$792,909		\$1,573,821
Allegheny		86446	Geotechnical Review Agreement	Geotechnical review.	1		\$600,000	\$600,000
