

- Above Average for Bicycling -**
Road segments that are most suitable for cycling
- Average for Cycling**
Road segments that are average at best for cycling. Cyclists of lesser skill may find these conditions unfavorable.
- Below Average for Cycling**
Road segments that are least suitable for cycling. Cyclists may have to use these segments if they are the most direct route between two other routes.
- Residential Street**
- Expressway**

- Traffic Signal**
- Existing Trail**
- A** Transit Park N Ride
- Significantly steep or long grade (arrow points uphill)**

Ratings shown on this map were determined using a combination of traffic volumes, roadway geometry and field observations. The ratings apply to cyclists experienced in operating in an urban environment. Use this map as a tool, but do not substitute it for your own common sense. SPC and the individuals who developed this map assume no liability for the safety of cyclists using these routes.
