2021 TWELVE YEAR PROGRAM UPDATE
REGIONAL TRANSPORTATION SURVEY SUMMARY

State Transportation Commission

SOUTHWESTERN PENNSYLVANIA COMMISSION
METROPOLITAN PLANNING ORGANIZATION (SPC MPO)

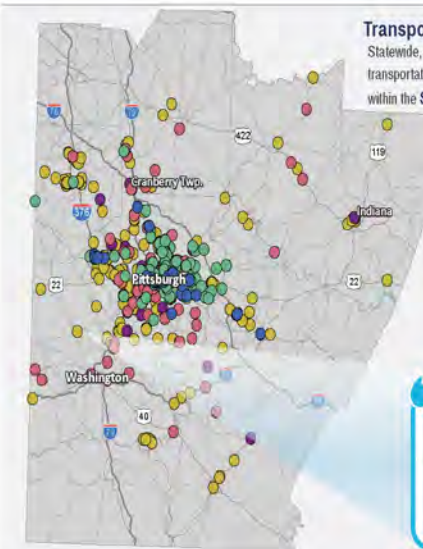

A CLOSER LOOK AT YOUR REGION

The State Transportation Commission's 45-day open public comment period for the 2021 Twelve Year Program (TYP) Update was held March 11 through April 26, 2019. During the comment period, the public had the opportunity to take the Transportation Survey and participate in an online public meeting on either a webinar platform or Facebook Live. All public feedback received was analyzed to better understand public priorities and transportation trends.

Transportation Issues Identified

Statewide, survey participants mapped about 2,500 transportation concerns. 628 of these are located within the SPC MPO region.

During the mapping exercise, some discovered their concerns were already addressed by projects on the 2019 TYP. See the map and data below for more details.

The intersection has increased traffic over the last 10 years. The geometry of the intersection was sufficient however increased traffic is causing accidents. Total redesign is needed.

Examples of 2019 TYP projects that addressed public concerns

- Parkway East Corridor Safety Improvement in Allegheny County
- Elizabeth Bridge Restoration in Allegheny County
- Dunbar Dip Reconstruction in Armstrong County
- Milling and Overlay on Various Routes in Beaver County
- I-70 Interchange Improvement in Westmoreland County
