## **List of Abbreviations and Definitions**

FAST ACT	Fixing America's Surface Transportation Act
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
MPO	Metropolitan Planning Organization
MPMS	Multi-modal Project Management System
One Map	PennDOT Public Mapping Application
PennDOT	Pennsylvania Department of Transportation
SPC	Southwestern Pennsylvania Commission
TIP	Transportation Improvement Program

## **Project Funding Codes**

ARC	Appalachian Regional Commission
BOF	Bridge - Off System
BOO, BON	Federal Bridge Funds
CAQ	Congestion Mitigation and Air Quality
FAP	Slide Emergency
HSIP	Highway Safety Improvement Program
NHPP	National Highway Performance Program
RRX	Surface Transportation - RRX Elimination of Crossing Special Project
SFX	Special Project - Federal Earmark
STP	Surface Transportation - Any Area in State
STU	Surface Transportation - Urban
TAP	Transportation Alternatives Program

## **Project Phase Abbreviations**

CON	Construction
FD	Final Design Preliminary
PE	Engineering Right of
ROW	Way
UTL	Utilities

**Southwestern Pennsylvania Commission**

## Annual Listing of Projects with Federal Funding Obligated for Federal Fiscal Year 2018

On December 4th, 2015, President Obama signed into law the Fixing America's Surface Transportation Act (FAST Act) which allocates federal funding for surface transportation programs over fiscal years 2016 through 2020. Per 23 U.S.C. § 134(j)(7)(B) of FAST Act, states and Metropolitan Planning Organizations (such as the SPC) must publish annual lists of projects where federal funds were obligated. Specifically, states and MPOs must produce:

*"An annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review." 1*

An obligation is the Federal government's legal commitment to pay the Federal share of a project's cost. An obligated project is one that has been authorized by the federal agency and for which funds have been committed. Projects for which funds have been obligated are not necessarily initiated or completed in the program year, and the amount of the obligation will not necessarily equal the total cost of the project. For Federal Transit Administration (FTA) projects, obligation occurs when the FTA grant is awarded. For Federal Highway Administration (FHWA) projects, obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated.

The FAST ACT also dictates that government spending on transportation should be more transparent to State and Local Officials, as well as to the public. As such, the obligated list of projects must be developed through the cooperative efforts of the state, the metropolitan planning organization (MPO) and the public transportation operators who are responsible for tracking project authorizations and obligations spend during the immediately preceding fiscal year.

To address these requirements, this report lists all FHWA transportation projects in the SPC region that were obligated during Federal Fiscal Year 2018 (October 1, 2017 - September 30, 2018). For more information, please use the MPMS numbers and project descriptions provided below to look up projects on the [PennDOT One Map application](#).

For more information, please contact Lillian Gabreski at [lgabreski@spcregion.org](mailto:lgabreski@spcregion.org).

---

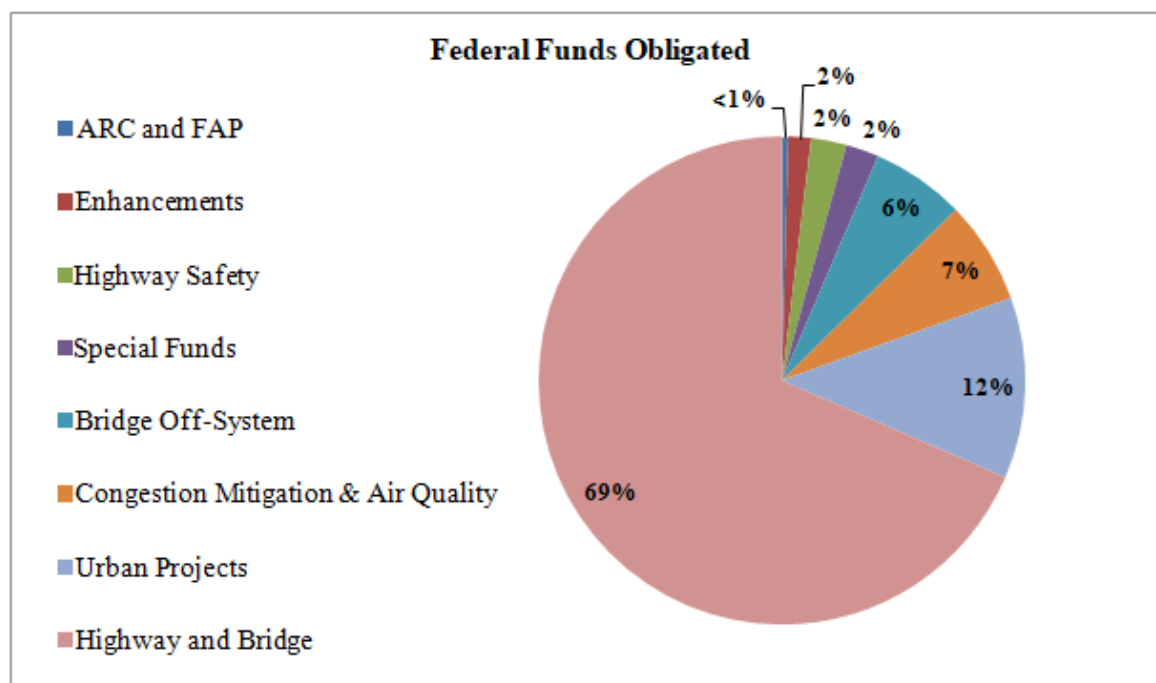

1. 23 U.S.C. § 134(j)(7)(B)

The table below breaks down projects in SPC's region which were federally obligated in FFY 2018 by federal funding class. The total federal funding obligated to projects during FFY 2018 was \$267,589,407. There was \$29,025,199 in savings from previously completed projects, which was deobligated from completed projects and obligated to other projects. The majority of obligated funds were for highway/bridge projects (68%), followed by urban transportation projects (12%). The majority of deobligated funds also came from highway/bridge projects (57%), followed by congestion mitigation & air quality projects (16%). Complete funding amounts are provided in the table, and the funding distribution of obligated funds is illustrated in the pie chart. A comprehensive summary report of individual projects and obligation/deobligation amounts is included on the next page.

#### TIP Projects Obligated in FY 2018

Federal Funding Class	Obligated	%	Deobligated	%
Appalachia Regional Commission (ARC)	\$496,988	0.2%	(\$519,457)	2%
Slide Emergency (FAP)	\$600,000	0.2%	\$0	0%
Enhancements (TAP)	\$4,031,942	2%	(\$80)	0%
Highway Safety (HSIP, RRX)	\$6,277,203	2%	(\$2,697,914)	9%
Special Funds (SFX)	\$5,851,792	2%	(\$400,327)	1%
Bridge Off-System (BOF)	\$16,581,305	6%	(\$2,468,264)	9%
Congestion Mitigation & Air Quality (CAQ)	\$18,324,495	7%	(\$4,507,913)	16%
Urban Projects (STU)	\$32,179,599	12%	(\$1,975,027)	7%
Highway and Bridge (NHPP, STP, BON, BOO)	\$183,246,083	68%	(\$16,456,217)	57%
