LOCAL TRANSPORTATION PROJECT DELIVERY WORKSHOP

SPC and PennDOT staff are hosting a virtual workshop to assist local sponsors in the SPC region in understanding their roles, responsibilities, and requirements in delivering a transportation project.

Please be advised that this workshop will be recorded and shared on SPC's website.

The region's official transportation planning agency, the Southwestern Pennsylvania Commission (SPC), is offering a unique opportunity for local project sponsors looking to obtain transportation funding from federal or state resources. If you are considering applying to any programs in the future, this workshop will introduce you to funding programs and the regulatory requirements sponsors must meet to use federal or state transportation funds.

This workshop will provide details regarding the SPC Transportation Alternatives Set-Aside (TA) Program and the Congestion Mitigation and Air Quality Improvement Program (CMAQ), both of which have open/upcoming application periods.

WORKSHOP TOPICS INCLUDE:

- Project Applicant and Sponsor Responsibilities
- Project Application Elements: Scope, Schedule, and Budget
- Guidance to prospective applicants on SPC's TA and CMAQ application process
- State and Federal Program Application Periods; Procedures; Local Match Requirements; Sponsor Eligibility; and Project Eligibility

Please RSVP to Betsy Zang at:
412-923-5039 or bazang@mccormicktaylor.com
