Location: Located on SR 2010, Lovedale Road in Elizabeth Township and Lincoln Boro, Allegheny County.

Project Description: Flood and scour remediation on SR 2010 Lovedale Road in Elizabeth Township and Lincoln Borough, Allegheny County. This project will replace ten sections of nearly one hundred year old stacked stock retaining walls with new dura-hold retaining walls. The walls will be faced with scour protection to prevent future deterioration. Failed slopes throughout the corridor will also be repaired with durable rock to prevent future erosion and failure. Extensive one and two-dimensional hydraulic modeling of the project area has been done to ensure the stream levels are not being raised.

Improve the resilience of the slope during heavy rain/high water events by using soil nails, providing additional strength to the slope during periods of high groundwater elevations, and increasing the safety factor of the slopes. Stabilization of these areas will also prevent future failures at these pre-damaged locations and reduce the long-term maintenance.
